The NCACC annual conference is paid for with NCACC funds, most of which are derived from non-vendor sources, such as dues, registration fees and member contributions to the Education Fund. All the educational sessions are supported entirely by non-vendor funds. Some conference events, particularly social activities, are paid for, directly or indirectly, by vendors who do business with courts. Programs and events that are supported, in whole or in part, with vendor funds are clearly identified on the conference schedule.

Members are urged to review the ethics rules of their jurisdictions to determine whether they may participate in the events supported by vendors. An advisory opinion prepared by the Judicial Conference of the United States Committee on Codes of Conduct, Advisory Opinion No. 91, Solicitation and Acceptance of Funds from Persons Doing Business with the Courts, June 2009, discusses some of the issues related to the use of vendor funds for conferences involving federal court personnel.

A “buy-out” option has been implemented which may enable members who would otherwise be ethically unable to participate in a vendor-sponsored event to do so. Members have the option of paying for a vendor-supported activity themselves. Members who wish to exercise this option should contact the conference host about the cost of the event and the procedure for payment.
